Safeguarding Young Learners

1. Introduction

All **BACS Limited** staff have a responsibility for Safeguarding and for doing all they reasonably can to ensure that young people under the age of 18 and vulnerable adults are safe from harm when studying with **BACS Limited**. Safeguarding covers a variety of issues including Child Protection (and the various forms of abuse), and vulnerability to extremist ideology and radicalisation.

The significance of safeguarding is particularly so in the case of staff, volunteers, contractors and agency workers whose work brings them into regular supervision and contact with young people under the age of 18, or vulnerable adults. **BACS Limited** seek to ensure that our most vulnerable students are safe, and that **BACS Limited** complies with legislation, guidance and best practice.

All Staff, Directors and Associates working at **BACS Limited** will receive appropriate training. The degree of training depends on job role. Ensuring that all our staff receive appropriate training will ensure the students and delegates of **BACS Limited study** and learn within a safe environment, and that staff are not made vulnerable in their dealings with students and delegates.

2. Categories of staff

In terms of safeguarding, staff (including volunteers and Associates) are categorised as working in one of two kinds of posts; “regulated”, or “non-regulated”. “Regulated Posts” are where the post holder is responsible for *“teaching, training, supervising, caring for children or vulnerable adults and providing specified advice or guidance to children or vulnerable adults”*. **BACS Limited** has considered each job role within the organisation and has determined whether each post is “regulated” or not. This is set out in the Role Competency Statements for each position

3. Designated Safeguarding Person

BACS Limited has determined a number of staff with special responsibilities in relation to safeguarding children and vulnerable adults. **BACS Limited** has a Designated Safeguarding Lead – the Accountable Manager, whose role it is to oversee **BACS Limited** safeguarding strategies.

BACS Limited also has a number of key staff who undertake the role of Designated Safeguarding Person (DSP). The role of the DSP is to act as a key contact point for staff and students who are concerned that a student is, or may be, at risk of abuse. Staff or students may refer their concerns directly to a DSP or via their line manager or another colleague. The DSP will then be involved in deciding whether the concerns should be communicated to the appropriate Local Safeguarding Children Board (LSCB)

or the police.

Because of the special responsibilities associated with this role, a Designated Safeguarding Person must complete additional training, especially in dealing with other safeguarding agencies outside of the **BACS Limited**

4. Training

4.1 Induction

'Keeping Children Safe at **BACS Limited**: What You Should Know'.

4.1.1 On induction all staff and associates are made aware of the systems within **BACS Limited** which support safeguarding. These include **BACS Limited** Child Protection Policy; Staff Conduct Policy, and the role of the Designated Safeguarding Lead.

The Induction Training summarises the contents of both policies. It sets out the range of abuse and what staff should do if they have a safeguarding concern.

4.1.2 Stage 1– Basic Awareness Training

All staff and associates must undertake this basic awareness training on appointment.

BACS Limited uses internet based software: the online **Child Protection Basic Awareness course**, provided by the City of York Safeguarding Children Board and the North Yorkshire Safeguarding Children Board.

4.1.3 The 'Prevent' Duty

Young people are vulnerable to radicalisation and hence to getting themselves involved in illegal activities which could result in serious injury or death, either to themselves or others. All new staff are required to undertake training in the signs to watch out for which might indicate that a young person might be in danger. On appointment all staff will be required to complete the on-line awareness training, which is accessed via the following web link:

4.2 Stage 2 - **BACS Limited** procedures

All staff working in 'regulated' posts must undertake 'Stage 2' training. The reason why staff in 'regulated' posts have to undertake 'Stage 2' training is because their job role is more likely to bring them on a more frequent basis into contact with children and vulnerable adults showing signs of abuse, or who wish to make a disclosure.

BACS Limited

www.bacs.limited

This training sets out the procedure staff should follow if they have a concern that a young person under the age of 18 or a vulnerable adult might be at risk of being abused, has suffered abuse or wishes to make a disclosure to them.

4.3 Training for Designated Safeguarding Persons (DSPs)

BACS Limited expects all staff with the role of 'Designated Safeguarding Person' to complete approved external safeguarding training as specified by the Local Safeguarding Children Boards (LSCBs).

As **BACS Limited** students & delegates come from a wide geographic area, training from a variety of LSCBs will be necessary to provide comprehensive coverage. For example, a Designated Safeguarding Person could access training from City of York, North Yorkshire, East Riding or Leeds Safeguarding Children Boards or further afield.

Where necessary regular information sharing between DSPs will take place to ensure any differences in approach by the various LSCBs are understood by the whole group.

5. Central recording and action taken for non-compliance

Safeguarding training records for all **BACS Limited** staff, Associates and volunteers will be held in HR. Compliance reports will be sent to The Accountable Manager on a timely basis. Line managers receive monthly automated reports detailing those staff who have not completed the required training or who are due refresher training. Staff will also receive reminders regarding training which has not been completed or refresher training as required.

BACS Limited reserves the right to discipline any member of staff who either:

Does not complete any of the training highlighted in 4 above in a timely manner, or
Does not undertake refresher training when this is due

Ultimately, disciplinary action may eventually result in termination of an individual's contract of employment on grounds that they persistently refuse to comply with what **BACS Limited** considers to be reasonable instruction and/or that their refusal to engage with **BACS Limited** on this issue indicates that they are potentially a 'risk' to children and vulnerable adults.
